INTERACTIVE DIGITAL PORTFOLIO using html.css.js

AGENDA

1. Problem Statement
2. Project Overview
3. End Users
4. Tools and Technologies
5. Portfolio design and Layout
6. Features and Functionality
7. Results and Screenshots
8. Conclusion
9. Github Link

PROBLEM STATEMENT

A problem statement of a portfolio is a clear, concise description of the specific issue or challenge that the portfolio (such as a project portfolio, investment portfolio, or design portfolio) aims to address or solve. It identifies the gap between the current state and the desired state, explains why the problem is important, who is affected, and what the impact is if the problem remains unsolved. The statement guides focus and priority for work done on the portfolio and serves as a foundation for finding solutions.

PROJECT OVERVIEW

Brief Summary of digital portfolio

It serves as an introduction to what the digital portfolio aims to showcase, highlighting key skills, achievements, and work samples. Typically, the overview outlines how the portfolio is organized to present the user's best work, relevant experiences, and unique attributes in a professional and visually appealing way.

Key elements in a digital portfolio project

Such has skills(python,java) achievements(software developer), and career(IT) goals.Content: Includes high-quality work samples, project descriptions, a brief bio, skills section, testimonials, and contact information.Structure: Organized layout that facilitates easy navigation, often with sections like About Me, Work Samples, Skills(html,css,) and Contact.Design: Clean, consistent, and mobile-friendly design with an emphasis on visual hierarchy and user experience.

LAYOUT AND DESIGN

FINAL SUMMARY:

A digital portfolio is an online collection that showcases a person's skills, work samples, achievements, and experiences in a dynamic and visually appealing format. It serves as a professional presentation tool to demonstrate abilities and career growth to potential employers, clients, or collaborators. Key components of a digital portfolio include an "About Me" section, high-quality work samples with project descriptions, a skills listing, testimonials, contact information, and sometimes a resume. It may also contain multimedia elements like
